WORK EXPERIENCE

Software Developer
Softone

02/2024 - Present   *Brasov, Romania*

As a Software Developer at Softone, I played a pivotal role in the design, development, and implementation of software solutions tailored to streamline and optimize business processes within the ERP ecosystem and not just. Collaborating closely with cross-functional teams, I contributed to the enhancement and maintenance of ERP modules to meet evolving customer requirements and industry standards.

Software Developer
Oglofus

10/2023 - 01/2024   *Newcastle, United Kingdom*

In my role, I specialized in crafting robust applications using Svelte Kit, focusing on full-stack development. I have successfully built complex applications integrating RESTful APIs, implemented stringent security measures, and contributed to compelling UI/UX designs. Additionally, my versatility shines as I actively contribute to diverse solutions tailored for various market sectors.

Software Developer
Enigma Interactive

07/2022 - 07/2023   *Newcastle, United Kingdom*

Create tailored web applications for clients, driving their businesses in the digital landscape, using the MVC design pattern, and languages such as PHP, Java, and Vanilla Javascript, and Angular for the front end. Utilize agile methodologies (Jira) for flexible and high-quality project development. Perform thorough debugging to ensure optimal performance and client satisfaction, consistently exceeding expectations and enhancing the company's reputation for excellence.

EDUCATION

BSc Computer Science
Northumbria University

09/2020 - 05/2024   *Newcastle Upon Tyne*

Thesis

- Gamifying Fitness
